GIZA SUSPENSION

STEP 01

Switch off power at the main electrical panel before installation. Ensure the electrical connection point is properly installed and secured.

STEP 02

Attach the mounting plate to the ceiling using the provided screws.

STEP 03

Connect the wires as follows. Brown or black to L (live), blue to N (neutral), green/yellow to earth (ground). Ensure all connections are secure and properly insulated.

STEP 04

Attach the canopy to the mounting plate and secure it with the provided hardware (Part E).

STEP 05

Attach the lampshade using the integrated hooks.

STEP 06

Insert one E27 LED bulb (not included). Restore power and test the fixture.

GIZA SUSPENSION

HOW TO CLEAN YOUR LAMP

Turn off power before cleaning. Clean with a soft, dry cloth only. Do not use water or harsh cleaning products.

GOOD TO KNOW

For dimming, use a dimmable bulb with a compatible dimmer.

SOLD SEPARATELY

Light bulb sold separately.

EBUR recommends the E27 LED light bulb (max. 10W) with a warm color temperature of up to 2700 K.

IMPORTANT NOTICE

This product complies with applicable European safety standards. Installation should be carried out by a qualified electrician.

END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
