## NOTTE MINI WALL LAMP

### STEP 01

Switch off power at the main electrical panel before installation. Ensure the electrical connection point is properly installed and secured.

### STEP 02

Connect the wires as follows. Brown or black to L (live), blue to N (neutral), green/yellow to earth (ground). Ensure all connections are secure and properly insulated.

### STEP 03

Attach the canopy to the wall and secure it using the provided hardware (Part C).

### STEP 04

Insert the included LED bulb (Part D).

### STEP 05

Restore power at the circuit breaker and test the fixture.

## NOTTE MINI WALL LAMP

### HOW TO CLEAN YOUR LAMP

Turn off power at the switch or circuit breaker before cleaning. Clean with a soft, dry cloth only.  
Do not use water or harsh cleaning products.

### METAL LAMP

To preserve the lacquered finish, clean with a soft, dry cloth only. Do not use water, metal polish, or abrasive cleaners, as these may damage the protective coating.

### IMPORTANT NOTICE

This product complies with applicable European safety standards. Installation should be carried out by a qualified electrician.

### END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
