GIZA CEILING LAMP

STEP 01

Switch off power at the main electrical panel before installation. Ensure the electrical connection point is properly installed and secured.

STEP 02

Attach the mounting plate to the ceiling using the provided screws (Part B).

STEP 03

Connect black to black (line/hot), white to neutral, and green or bare to ground using UL-listed wire connectors. Ensure connections are secure and insulated.

STEP 04

Attach the canopy to the mounting plate and secure it with the provided hardware (Part E).

STEP 05

Secure the lampshade to the fixture (canopy and electrical assembly) using the socket ring provided.

STEP 06

Insert one E26 LED bulb (not included). Restore power and test the fixture.

GIZA CEILING LAMP

HOW TO CLEAN YOUR LAMP

Turn off power at the switch or circuit breaker before cleaning. Clean with a soft, dry cloth only. Do not use water or harsh cleaning products.

FABRIC LAMPSHADE

To preserve the quality of the fabric, clean only with a soft, dry cloth. Do not use water, moisture, or harsh cleaning products.

GOOD TO KNOW

For dimming, use a dimmable bulb with a compatible dimmer.

SOLD SEPARATELY

Light bulb not included. Use one E26 LED bulb, 10W max, 2700K recommended.

IMPORTANT NOTICE

This product is designed to meet applicable U.S. safety standards. Installation must be performed by a licensed electrician.

END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
