x1

## ETEL WALL LAMP

### STEP 01

Switch off power at the main electrical panel before installation. Ensure the electrical connection point is properly installed and secured.

### STEP 02

Attach the mounting plate to the wall using the provided screws.

### STEP 03

Connect black to black (line/hot), white to neutral, and green or bare to ground using UL-listed wire connectors. Ensure connections are secure and insulated.

### STEP 04

Attach the canopy to the mounting plate and secure it with the provided hardware.

### STEP 05

Fix the two wall hooks using the positioning template.

### STEP 06

Suspend the lampshade trim from the two hooks and position the lampshade correctly.

## ETEL WALL LAMP

### STEP 07

Insert one E26 LED bulb (not included). Restore power at the circuit breaker and test the fixture.

## ETEL WALL LAMP

### HOW TO CLEAN YOUR LAMP

Turn off power at the switch or circuit breaker before cleaning. Clean with a soft, dry cloth only. Do not use water or harsh cleaning products.

### FABRIC LAMPSHADE

To preserve the quality of the fabric, clean only with a soft, dry cloth. Do not use water, moisture, or harsh cleaning products.

### GOOD TO KNOW

For dimming, use a dimmable bulb with a compatible dimmer.

### SOLD SEPARATELY

Light bulb not included. Use one E26 LED bulb, 10W max, 2700K recommended.

### IMPORTANT NOTICE

This product is designed to meet applicable U.S. safety standards. Installation must be performed by a licensed electrician.

### END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
