## NOTTE MINI WALL LAMP

### STEP 01

Switch off power at the main electrical panel before installation. Ensure the electrical connection point is properly installed and secured.

### STEP 02

Attach the mounting plate to the wall junction box using the provided screws (Part D).

### STEP 03

Connect black to black (line/hot), white to neutral, and green or bare to ground using UL-listed wire connectors. Ensure connections are secure and insulated.

### STEP 04

Attach the canopy to the wall and secure it using the provided hardware (Part E).

### STEP 05

Insert the included LED bulb (Part F).

### STEP 06

Restore power at the circuit breaker and test the fixture.

## NOTTE MINI WALL LAMP

### HOW TO CLEAN YOUR LAMP

Turn off power at the switch or circuit breaker before cleaning. Clean with a soft, dry cloth only. Do not use water or harsh cleaning products.

### METAL LAMP

To preserve the lacquered finish, clean with a soft, dry cloth only. Do not use water, metal polish, or abrasive cleaners, as these may damage the protective coating.

### IMPORTANT NOTICE

This product is designed to meet applicable U.S. safety standards. Installation must be performed by a licensed electrician.

### END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
