### CAUTION

Risk of fire or electric shock. Turn off power at the circuit breaker before installation. Installation must be performed by a licensed electrician. Do not exceed specified wattage. Use only specified bulb type.

## COQUILLAGE WALL LAMP

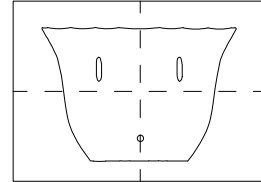

### PART A

Wall lamp delivered already assembled

### PART B

Paper template

### PART C

L hooks (x2)

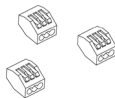

### PART D

Dowel  
x2

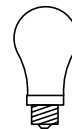

### PART E

UL-listed wire connectors  
x3

### PART F

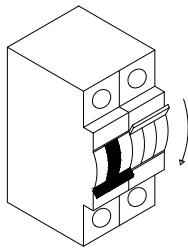

E26 LED bulb  
(not included)

## COQUILLAGE WALL LAMP

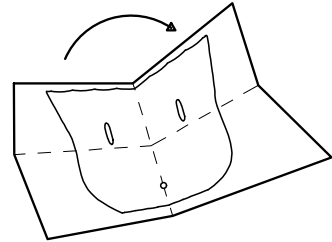

### STEP 01

Turn off the power supply at the main fuse box or electrical panel before beginning installation.

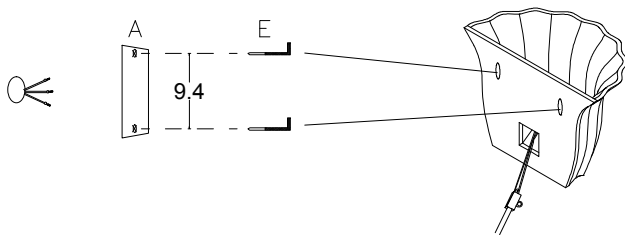

### STEP 02

Unfold the template (Part B) then place it on the wall to mark the drilling points.

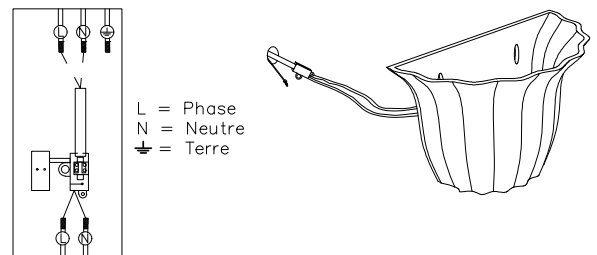

### STEP 03

Drill the holes in the wall, then install the hooks (Part C).

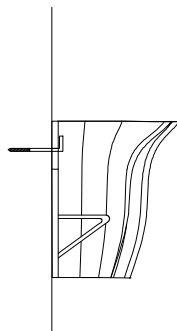

### STEP 04

Connect the wall wires: black to L (Live), white to N (Neutral), and green or bare copper to Ground. Use the supplied wire connectors (Part E) and ensure all connections are secure and properly insulated.

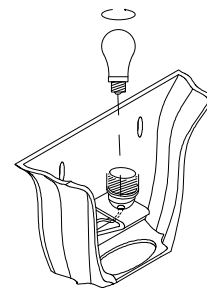

### STEP 05

Mount the wall lamp onto the installed hooks.

### STEP 06

Screw the E26 bulb into the socket.

## COQUILLAGE WALL LAMP

### HOW TO CLEAN YOUR LAMP

Turn off power at the switch or circuit breaker before cleaning. Clean with a soft, dry cloth only. Do not use water or harsh cleaning products.

### GOOD TO KNOW

For dimming, use a dimmable bulb with a compatible dimmer.

### SOLD SEPARATELY

Light bulb not included. Use one E26 LED bulb, 10W max, 2700K recommended.

### IMPORTANT NOTICE

This product is designed to meet applicable U.S. safety standards. Installation must be performed by a licensed electrician.

### END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
