x4

## NOTTE CEILING LAMP

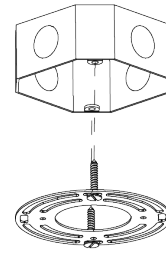

### STEP 01

Switch off power at the main electrical panel before installation. Ensure the electrical connection point is properly installed and secured.

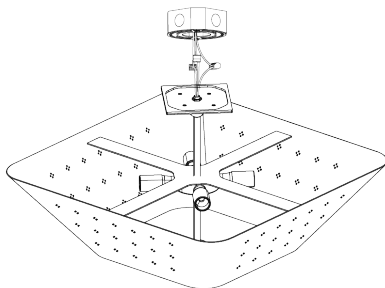

### STEP 02

Attach the mounting plate to the ceiling junction box using the provided screws (Part A).

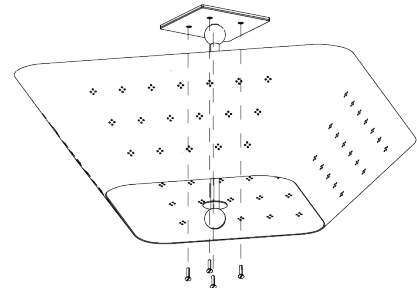

### STEP 03

Connect black to black (line/hot), white to neutral, and green or bare to ground using UL-listed wire connectors. Ensure connections are secure and insulated.

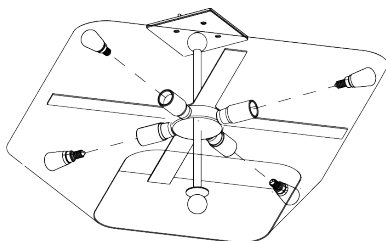

### STEP 04

Attach the canopy to the mounting plate and secure it with the provided hardware (Part D).

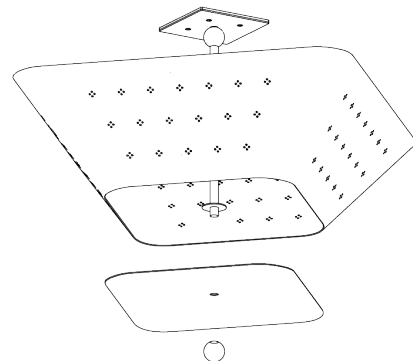

### STEP 05

Insert the four included LED bulbs (Part F).

### STEP 06

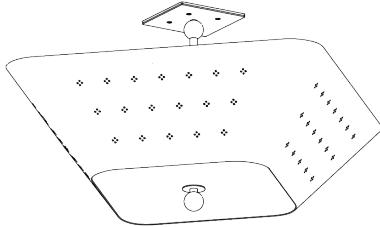

Position the glass diffuser by slightly tilting it into place, then secure it by screwing it with the fixing ball onto the threaded rod provided.

## NOTTE CEILING LAMP

### STEP 07

Restore power at the circuit breaker and test the fixture.

## NOTTE CEILING LAMP

### HOW TO CLEAN YOUR LAMP

Turn off power at the switch or circuit breaker before cleaning. Clean with a soft, dry cloth only.  
Do not use water or harsh cleaning products.

### METAL LAMP

To preserve the lacquered finish, clean with a soft, dry cloth only. Do not use water, metal polish, or abrasive cleaners, as these may damage the protective coating.

### IMPORTANT NOTICE

This product is designed to meet applicable U.S. safety standards. Installation must be performed by a licensed electrician.

### END OF LIFE OF THE PRODUCT

This product must not be disposed of with household waste. Please dispose of it in accordance with local regulations and recycling requirements.
